DECISION OF CERTIFICATION REGARDING WOOD POLES FOR NTR IMPREGNATION

AS Sadales tikls, Jelgava plant production of wood poles for overhead lines has approved to product certification by Control Union Finland Oy (Finotrol) on 25th February 2025.

The decision of certification is based on the following inspection report;

- 064-1-2025 (Petteri Torniainen)
Test report Hortilab 80380 (24.2.2025)
Test report Koksnes nr.672 (18.2.2025)

The organization has committed to comply with required product quality documents, certification rules and other instructions concerning product certification of Control Union Finland Oy (Finotrol).

The required documents:

- **NTR Doc 1 part 1:2017**
- **NTR Doc 3 part 1:2017**

The decision is valid until further noticed. The decision can be cancelled temporarily or permanently, if the requirements of product quality control are not met constantly.

The list of the valid certificates is available at webpage www.finotrol.fi
