DECLARATION OF PERFORMANCE

STRUCTURAL TIMBER - WOOD POLES FOR OVERHEAD LINES.

Wood poles for overhead lines fulfills the requirements according to EN 14229:2010. For further or more detailed information on the delivered product, in addition to what is given below.

1. Unique identification of the product
Preservative treated wooden pole

2. Product identifier
Wooden pole

3. Intended use of the product
Overhead line construction

4. Producer
Sadales tīkls AS
Address: Šmerļa iela 1, Riga, LV-1160, Latvia
Telephone: + 371 6772 7403
Email: st@sadalestikls.lv
Web site: www.sadalestikls.lv

5. System of assessment and verification of constancy of performance of the construction product (AVCP system)
AVCP 2+

6. Certification
Control Union Finland (Finotrol)
The notified body Finotrol (identification number 2412) has performed an initial inspection of the manufacturing plant and of the factory production control and performs continuous surveillance, assessment and evaluation of our factory production control. Finotrol has issued EC Certificate of Factory Production Control No. 2412–CPR–1119.

Declared performance

Performance for wood poles for overhead lines structural timber in conformity with the harmonized European standard EN 14229:2010 Structural Timber – Wood poles for overhead lines

Essential characteristics	*Declared performance*
Wood Specie	PS: pine (*Pinus sylvestris*)
Growth area	NNE Europe (Northern and North Eastern Europe)
Bending Strength	35,5 N/mm²
Modulus of Elasticity	11231 N/mm²
Release of dangerous substances	Treated with a biocide
Link:	www.koppers.com
Durability	Chemically treated against biological attack
Durability class	UC 4
Retention	26 kg/m3
Penetration class	NP 5
Preservative	Celcure C65
